material

Foedern110715.000GB

Conveying technology for piece goods and bulk material

Universal applicable for transporting bulk material and piece goods.

Our guarantees of success for each new project are our long lasting experiences in the processing- and recycling sector, remaining waste, composting, as well as in the glass-, wood-, paper-, brick-, gravel and sand processing industry.

- Belt conveyor systems
- Stockpiling belt conveyors
- Memory belt conveyors
- Sliding belt conveyors
- Magnetic drums
- Belt conveyors
- Dosing belt conveyors
- Weighing belt conveyors
- Distributing belt conveyors
- Conveyor bridges
- Silo- and box loading systems
- Jettison gears
- Trough chain conveyors
- Screw conveyors
- Bucket elevators
- Complete solutions from one source
